

Elizabeth Morrison, LCSW, MAC

Elizabeth Morrison is a consultant specializing in facilitating meaningful, patient centered integration in healthcare systems and in humanizing the healthcare experience. She is a Master Trainer for the Institute for Healthcare Communication, and develops and conducts workshops in empathy based communication strategies for those in the helping professions.

Elizabeth has been a leader for many years in the integrated behavioral health field, and has experience in building human-centered integrated services and complex care teams within the healthcare safety net. Elizabeth is a Licensed Clinical Social Worker and a Master of Addiction Counseling.
