

Bio - Lauri Bronzellino, M.S., Psychology

Program Manager, Transitional Housing Case Management Teams, Father Joe's Villages

Lauri Bronzellino has been working with the adolescent population since 2001 after being Honorably Discharged from the Marine Corps. Earning her Bachelors and Master's degree in Psychology, she has worked in the mental health field since 2009, working primarily with adolescents and transitional aged youth in both residential and special education school programs. Roughly 2 years ago Lauri has switched her focus at Father Joe's Villages from working as a Case Manager with homeless single adults, including those with HIV/AIDS and Veterans, to working as the Program Manager of the Transitional Housing Case Management Teams (to include singles with HIV/AIDS, Veterans, and Families).

Lauri also enjoys creating trainings and teaching her peers and fellow staff on topics such as "Motivational Interviewing", "Collaborative Problem Solving", "Wellness Recovery Action Plan (W.R.A.P.)", and "Cultural Diversity" (focusing primarily on the LGBT community). Lauri facilitated a breakout session at Meeting of the Minds in October of 2016 with "Collaborative Problem Solving", as well as in 2017 with "LGBTQ+ 101".
