

Atkinson Bio

J. H. Atkinson, MD, is a board-certified psychiatrist whose clinical and research clinical trial expertise focuses on understanding the intersections of HIV, mental health, and chronic pain. He is a founding member of the HIV Neurobehavioral Research Program at the University of California, San Diego (UCSD) School of Medicine, and a founding co-Director of the University of California Center for Medicinal Cannabis Research.

He has published more than 250 scientific and clinical articles on a range of topics, including HIV-related depression and chronic pain.

Dr. Atkinson earned his undergraduate degree at Princeton University, his medical degree from Stanford University School of Medicine, and completed a straight medicine internship at the University of Utah. After residency training in psychiatry at the University of California, San Diego School of Medicine, and a fellowship in psychiatry at Albert Einstein College of Medicine, he joined the Department of Psychiatry at UCSD. Dr. Atkinson is board-certified in psychiatry and is a Distinguished Life Fellow of the American Psychiatric Association.
